## FEEDBACK SUMMARY

2017-2018

### STUDENTS FEEDBACK

We have collected feedback from students of the institution. In this feedback form a special four-point scale as poor, average, good and very good is used to analyse overall aspects of the college. The feedbacks were provided through offline mode.

**Table 1 Students feedback responses**

Question no	Evaluation points	Response in percentage			
		Poor	Average	Good	Very Good
1	The service delivery system in the college	00	38.88	61.12	00
2	Grievances redressing system in the college	00	27.77	72.23	00
3	Overall administration of the college	00	50.00	50.00	00
4	The library services of the college	00	75.93	24.07	00
5	Teachers' co-operation in extracurricular activities of the students	00	3.70	62.96	33.34

### Students feedback responses in percentage

38.88% students have responded that the service delivery system in the college is average and 61.12 % students' response towards this aspect is good.

Regarding Grievances redressing system in the college, 72.23% students' response is good and other 27.77% students' response is average.

50% students have responded that the overall administration of the college is average and other 50% students' response is good.

The library services of the college are good according to 24.07%students and 75.93% students have responded that the library services of the college are average.

According to 62.96% students the teachers' co-operation in extracurricular activities of the students is good, 3.70% students have responded as average and 33.34% students have responded as very good.

Through analysis of the feedback it can be summarised that service delivery system in the college and overall administrative system have to be upgraded in coming years. Teachers' cooperation in involving students in extracurricular activities should be increased.
